New Look, Oxford Street Scaffold, Hoarding, M&E & Alarms

Hercules Scaffolding has won the contract to provide the main elevation scaffolding for New Look's new store on Oxford Street, London. The project has involved Hercules providing all the Hoarding, including Hoarding doors & Roof Soffits right down to painting the hoarding in the client's corporate colour!

Hercules M&E has also supplied Pedestrian Safety Lighting and Scaffold Security Alarms.

If you have any Scaffold, Hoarding or M&E requirements, please call us now for assistance; **0845 003 9089** or email: **sales@herculesgroup.co.uk**

Hercules keeps the M5 traffic moving Avonmouth Bridge

Hercules Scaffolding has been appointed main scaffolding contractor to provide scaffolding for the M5 Motorway Avonmouth Bridge carriageways during its major re-surfacing and waterproofing works.

Working with the Highways Agency and the re surfacing contractors, the scaffolding works has included a bespoke heavy duty loading bay vehicle gantry. The design of the scaffold allows the motorway maintenance vehicles to drive directly underneath the gantry while important waterproofing additives are added to the hot bitumen. This enables the vehicles to drive straight on to the motorway thus reducing any unnecessary downtime and preventing any potential congestion on the motorway.

The scaffolding gantry included:

- Pre-Planning Engineer Site Surveys
- Scaffold Designs & Calculations
- Hilti Ties to ground.
- 2 no. Bespoke Loading Bay Safety Gates
- Loading to allow 6-Tonnes Waterproof Asphalt & 3 Personnel.
- 2 no. staircases.
- ScafTag, Handing Over Certificates.
- Weekly Scaffold Inspections.

The existing surface to Avonmouth Bridge was laid during the previous strengthening contract which started in 1995 and has reached the end of its effective life.

Hercules has been pleased to have been chosen to be part of this major maintenance works and working with the Highways Agency.

Please contact **sales@herculesgroup.co.uk. 0845 003 9089** to discuss any new project requirements.

Hercules launches Hoarding and M&E Division

Hercules launches Hoarding and M&E Division to cater for the Shop Fitting industry and new Building Site Set-ups within the construction industry.

This follows regular requests from Hercules core customer base and compliments its well established scaffolding division.

Providing our clients with one point of contact for these integrated services aims to deliver efficient lines of communication making it possible to deal with just one company.

Group products & services now include, Design, Application for Licences, Out of Hours Install \ dismantle, Scaffolding, Hoarding, Lighting, Security Fencing, Security Scaffold Alarms & Monitoring, Temporary Electrics and Temporary Plumbing. These services are intended to provide a one stop shop for site setups. In line with Hercules commitment to its Health & Safety responsibilities; all operatives are CSCS accredited and the Contracts Manager holds IOSH Cert for Managing Safely. All operatives have been trained in the use of ladders, step ladders and harnesses. The Hoarding operatives have all been PASMA trained in the safe use of Mobile Towers.

Exceptional customer service, reliability, and safety underpin all that we do.
